This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE.

THIS Volume, forming the first, it may be hoped, of a series containing the whole of the extant Warwickshire Registers down to the year 1812, includes the Marriage Registers of thirteen parishes.

It will be noticed that only one Register begins at the earliest date, 1538, many not till the seventeenth or even the eighteenth century.

These facts very sufficiently indicate the need of printing our Registers, for we may be quite certain that the loss and destruction of these ancient records, which concerns every class in the community, is by no means arrested, although it may be that usually they are more carefully guarded than formerly.

It has not been thought needful to print the entries verbatim. They are reduced to a common form, and the following contractions have been freely used:

w.—widower *or* widow.
s.—spinster, single woman, *or* son.
b.—bachelor *or* single man.
d.—daughter of.
p.—of the parish of.
co.—in the county of.
dioc.—in the diocese of.
lic.—marriage licence.

The thanks of Editors and Readers also are due to the Rev. Professor Bigge, the Rev. E. H. Owen, the late Rev. H. C. Lory, the Rev. Cecil Hook, the Rev. W. H. B. Bunting, Mr. Richard Savage, the late Rev. T. P. Wadley, and especially to Col. H. C. Adams, of Anstey, for valuable help in transcription. Thanks are also due to the Parish Clergy for permission to print these extracts. Their names are mentioned under the respective parishes.

It may be well to remind the reader that these printed abstracts of the Registers are not legal "evidence". For certificates application must be made to the local clergy.

The next volume, which is almost ready for issue, will contain a very valuable Register of especial interest to very many Birmingham families and those in North-West Warwickshire. This is the Register of the Franciscan Mission at St. Peter's, Broad Street, Birmingham. It begins as early as 1657, and is believed to be the oldest Roman Catholic Register extant.

The Editors will gladly welcome help in the work of transcribing the Registers. It is only by volunteer assistance that it becomes feasible to issue this series of Parish Registers.

Marriages at Fenny Compton,

1627 to 1812.

NOTE.—The first Volume extends from 1627 to 1722; all before this former date having been lost. The size of this one is 15½ by 7 inches. The material is parchment, but burials in woollen from August 1, 1678, onwards are entered on paper leaves. The handwriting is fair. The book is somewhat damaged at the edges, but has been mended and rebound.

The second Volume extends from 1679 to 1745. It overlaps the former volume for 43 years; size, 15 by 6 inches; parchment leaves and cover; much discoloured; ill written. It differs in arrangement from the former volume. First come weddings for a series of years, then christenings for the same period, then burials, and so on. There are gaps in the wedding entries from 1719 to 1728, and from 1728 to 1731.

The third Volume, beginning in 1745, contains weddings till 1752, baptisms and burials till 1804. Parchment, 13 by 7 inches.

The fourth Volume contains marriages from 1755 to 1810. It is the usual paper book of printed forms.

These marriages have been extracted by the Rev. C. Bigg, Rector, and are now printed under his supervision. They have been collated with the Register by the Rev. W. Merain, curate-in-charge.

Marriages at Bourton-on-Dunsmore,

1560 to 1812.

NOTE.—Volume I is of parchment, covering the period 1560 to 1699. Generally its condition is good, but the binding is in a bad state. Two or three sheets loose, and one is misplaced. The cover is much perished.

Volume II is in good condition and binding. It is of paper, and covers the period 1700 to 1753.

Volume III is in excellent condition. It contains the usual printed forms on paper, and covers the period 1754 to 1791.

Volume IV covers the period 1791 to 1813, and is of the same character and condition as the last.

These Marriages have been extracted by the Rev. E. H. Owen, rector of Dunsmore, and are now printed under his supervision, after collating the proof with the original Registers.

Marriages at Long Compton,

1685 to 1812.

NOTE.—The earliest existing entries are contained on a loose sheet of parchment, which includes the years 1670-81. It measures 16½ in. by 6¾ in.

Volume I is of parchment, containing 61 leaves, measuring 13¾ in. by 8 in. Its condition is good. The Baptisms and Burials extend from 1683 to 1799, and the Weddings from 1683 to 1763.

Volume II is of paper, 16½ in. by 6¾ in., in good condition, and includes Baptisms and Burials from 1799 to 1812.

Volume III, which is of paper, contains 23 leaves, measuring 15 in. by 10 in. It records the Marriages from 1772 to 1812.

It is to be noticed that the Marriage Entries for eight years, namely, between 1763 and 1772, are wanting.

Some earlier records relating to this parish are preserved amongst the Bishop's transcripts in the Edgar Tower at Worcester. Bundle 60 for Long Compton contains the following years: 1608, 1611-15, 1617, 1620, 1622-35, 1638-40, 1660, 1661, 1666-1700. Bundle H 40 contains Burials relating to various parishes, amongst those named being Long Compton.

The extracts were made by the late Mr. H. C. Lory, Rector of Long Compton, and are now printed by permission of the present incumbent, the Rev. W. Crompton.

Marriages at Anstey,

1591 to 1812.

NOTE.—The Marriages solemnised in the parish of Anstey are registered in five volumes, the last being in duplicate.

Vol. I. Parchment sheets bound together. The entries of Baptisms, Marriages, and Burials are entered together, as they appear to have occurred. Though in some few instances entries are not in order according to date, they have been, however, extracted as they stand. The first Marriage bears date 1591, the last 1703.

Vol. II. An abbreviated copy of Vol. I up to 1704. It is also parchment, and contains entries of Births and Deaths up to 1783; of Marriages, only to 1753 inclusive.

Vol. III. Paper, according to Act 26 Geo. II, commencing 1754, and ending 1812. It contains Marriages only.

Vol. IV. Marriages only. Paper, from 1813 to 1837, according to Act 52 Geo. III, cap. 146.

Vol. V. Paper, pursuant to Acts 6 and 7 William IV, cap. 86, from 1837 to 1897 (in duplicate).

These Marriages have been extracted by Colonel Henry Coker Adams, of Anstey, by permission of the Rev. T. C. Pyemont, Vicar of Anstey, and are now printed under his supervision.

Marriages at All Saints, Leamington Priors,

1704 to 1812.

NOTE.—No earlier Registers exist for this parish than 1704. The weddings from that date to 1753 are contained, but with many gaps, in Volume I, which perhaps may be accounted for on the supposition that fragments of the Register have been bound together. The subsequent volumes are those in use under Lord Hardwicke's Marriage Act.

These weddings have been extracted by the Rev. Cecil Hook, and are now printed by his leave after being collated by him with the Register.

Marriages at Whitchurch,

1562 to 1812.

NOTE.—The Register books of this parish are not only in very good condition, but afford a series of remarkable interest, owing to the number of allusions to local history, etc., which they contain.

The oldest volume consists of a book of 39 membranes of parchment, measuring 12 by 6 inches, and contains all entries from 1561-1712. It is thus headed—"Libellus ex aqua et spiritu sancto "renatorum. The Boocke concerninge Baptisme, Buryings, and "Weddinges wryten in the yere of our Lord God, 1561, and in the "13 yere of the Raigne of our soverine Ladye Queene Elyzabethe, "By the Grace of God of England, fraunce and Ierlande, Queene "defenderesse of the fayth."

On the 9th folio is entered, "Upon the 19th of Aprill in the yeare of "our Lord 1635 Thomas Warmesky Rector of Whit Church "reade the 39 articles of religion of the Church of England in the "congregation, it being the next Sunday immediately after his "induction." This fact is again inserted on the 10th folio, under the date 13th of December 1635, "it being the third sunday after "his Induction by the Kings presentation to Corroborate his "former title." On the 12th, in his neat writing, John Trapp, M.A., inserts the date of his admission, 21st of May 1658, at the presentation of Thomas Maryett, esq., and of his institution and induction on the 20 April 1611, while on the 5th of May following he duly states that he read the Articles, which Anthonie Pollett and Edward Williams attest by their signatures. There are no other notes until the 24th folio, where Abraham Kent, M.A., records his induction, 16th June 1705, "by Mr. Wm. Preston, Vicar of Alves-"ton." The following has a similar entry made by Thomas Smith, M.A., April 30, 1711. On the 'dorse of folio 38 are notes of collections made. For a fire at Ilminster, 24 Nov. 1661, *2s. 7d.* For a fire at Mountsorrel, in Leicestershire, 1 Dec. 1661, *2s. 6d.*; for another at Oxford, 15 Dec., *2s. 3d.*; for the repair of the church of Rippon, 29 Dec. 1661, *2s. 11d.*; for repair of the church of Dalby Chalcumb, co. Leicester, 12 Jan. 1661, *2s. 3d.*; for a fire at Buckingham, 19 Jan.; for another at Elmeley Castle, co. Worcester, 2 Feb., *2s. 4d.*

The second volume consists of 32 folios of parchment, each of which measures 14 by 7 inches, and contains all entries from 1713-1771. The inside of the cover records a list of householders in 1725, and the following agricultural notes:—

"Ended harvest 1725, September 20.

Marriages at Atherstone-on-Stour,

1611 to 1812.

NOTE.—The earlier Registers of the Parish are contained in three volumes, of these the oldest contains Baptisms and Burials 1661-1771, and Marriages from 1654 to 1773. The book is of parchment, of 31 membranes, measuring 12 by 4½ inches. The second Register is of paper, with Baptisms and Burials 1772-1812. It consists of five leaves, measuring 13⅛ by 9½ inches. Volume III contains Marriages from 1755 to 1810. A few earlier entries are recorded among the Bishops' Transcripts at Worcester, and are here placed before the entries from the Registers.

The extracts, which have been collated with the Registers, were made by the Rev. J. Harvey Bloom, when Curate-in-Charge of the Parish, and are now printed under his supervision after collation with the originals.

Marriages at Idlicote,

1557 to 1812.

NOTE.—The Marriages of this Parish to the year 1812 are contained in four volumes. The oldest is a small book of parchment consisting of ten folios, measuring 11 by 6 inches. Its contents are greatly damaged by damp, and entries under all heads are intermixed. The second, in point of date, has twelve folios, also of parchment, many of them much cut, probably to provide material for the returns made to the Diocesan Registry. The folio measures 15 by 7½ inches, and covers the period 1668-1721. It is in good condition, and the several entries are under their respective heads. The third volume corresponds in size, and contains Baptisms and Burials 1721-1806, but Marriages to 1754 only. The remaining book is a folio of printed forms of the usual type, and carried on the Weddings to 1812. These Marriages (transcribed by the Rev. J. Harvey Bloom) are printed with the consent of the Rector, the Rev. G. E. Cotterill, M.A., after comparison with the original.

These are for the years 1612, 13, 15, 18-22, 25, 28, 29, 33-40, 63, 68-71. 73-1700.

Those from the original Register were taken by Mr. Richard Savage, Librarian of the Birth-place Library, Stratford-upon-Avon, who kindly lent them for this work.—J. H. B.

Marriages at Butler's Marston,

1538 to 1812.

THE Marriage entries of this Parish are contained in three volumes, of which the oldest is a parchment book of 65 membranes, measuring 15 in. by 6 in. In it are entered Baptisms from 1538 to 1787, Burials 1570 to 1588, and Marriages 1538 to 1754. There are no entries from 1642 to 1651. The second volume is of paper, of 31 pages, and measures 8 in. by 4½ in. It continues the Marriage entries until 1781. The third volume completes the series to 1812, and is of similar size.

These extracts have been made by the Rev. J. Harvey Bloom, and are printed, after comparison with the originals, by permission of the Vicar, the Rev. A. P. Dodd.

Marriages at Ettington,

1623 to 1812.

NOTE.—The Marriage Registers of this parish are entered in three volumes; the earliest of these contains all entries from 1670* to 1854. On the 3rd folio is the note under the head of memorabilia: "Johannes Clarke, hujus ecclesiæ vicarius, hunc librum in usum parochiæ dedit 29 die Aug." And on folio 5 we have the further note: "Johannes Clarke, A.M.Oxon., Ecclesiæ Parochialis de Eatenton Vicarius maxime pius, Ecclesiæ Anglicanæ propugnator fidelis, phanaticorum malleus, ex Ecclesiæ militante in Triumphantem migrauit 4 Novembris A.D. 1674." On the same page is noted, "Magister John Brent in artibus m'ter apud Oxon., et hujus Ecclesiæ Vicarius dignissimus, sepultus erat in australi parte Ecclesiæ primo die mensis martii A.D. 1669." The second volume consists of 27 pages of paper measuring 10in. by 6in. The third is a book of printed forms. These volumes were rebound in brown tooled leather in 1840, at the expense of the late Evelyn P. Shirley, Esq. The extracts have been made by the Rev. J. Harvey Bloom, and are printed, after comparison with the originals, by permission of the Rev. T. H. Parker, Vicar.

Marriages at Honington,

1571 to 1812.

NOTE.—The Marriage Registers of this parish are contained in five volumes, of these the earliest includes all entries, under separate heads, of Baptisms, 1571-1653; Burials, 1573-1654, and Marriages, 1571-1653. The volume consists of 26 folios of parchment, measuring 12·5 inches by 6 inches, and has recently been rebound. Its chief feature is the double entry of all events from 1571-1606. The second version of this differs considerably in the spelling of surnames. When such variation occurs among the Marriages, the latter spelling is placed in brackets immediately after the former. The second volume, which, like the first, has been recently rebound, contains Marriages and Burials from 1653-1701 and Baptisms from 1657-1812. It consists of 17 folios of parchment and measures 12 inches by 4¾ inches. The third volume contains Baptisms and Burials 1712-1780, and Marriages 1714-1754. The fourth volume has Marriages only, 1754-1811. The fifth of printed forms, those for 1812. These Marriages have been transcribed by the Rev. J. Harvey Bloom, Rector of Whitchurch, and are printed, after comparison with the original, by permission of the Rev. E. A. Boddington, Vicar.
